The purpose of this form is to provide Travel Inc with authorization to book a guest's approved business travel with Georgia State University.

This form may be used when Travel Inc. is acting as the personal travel agent for our non-employee guest. *(Consultants, on contract, are responsible for booking their own travel arrangements (see note below)).

* NOTE: For Consultant Contracts, expenses must be identified as reimbursable in the contract, and encumbered on the purchase order. This process is not intended for use by Consultants.

This Form:
- Authorizes Travel Inc to arrange this travel.
- Authorizes Guest Travel Arranger or Traveler to contact Travel Inc, directly, to arrange air travel on behalf of the non-employee guest traveler (preferred).
- Requires a Valid PO number in the name of NON-EMPLOYEE TRAVEL-Vendor 000036642.
- Assumes sufficient funds have been encumbered to cover the cost of airfare.

Travel Arrangements based on the PO are limited to:
- Only Air or Train travel expense, including fees, may be charged to GSU (the PO encumbrance is limited Airfare or Trainfare).

Travel Arrangements made for our guest, "not related to the PO" (not encumbered), may include:
- GSU may reserve lodging for our guest at certain hotels (hotels which have an established Direct Billing relationship already in place with GSU).

  University department will request payment to the hotel, directly, on receipt of the hotel's invoice.

  NOTE: It is our goal to establish a procedure that allows Travel Inc to book hotel reservations. We look forward to being able to coordinate this service, in the near future).

- Traveler may make a hotel reservation at a hotel which does NOT have a direct billing arrangement with GSU, however, the non-employee guest will be responsible for payment of the hotel bill, and may seek reimbursement from GSU, based on allowable per-diem, (providing the transaction is approved by GSU, in advance, via the Non-Employee Travel Authorization (Hard-Copy) Form: http://tools.finance.gsu.edu/browse-by-function/?gf_search=travrel

- Traveler may make a rental car reservation, however, the non-employee guest will be responsible for payment of the rental, and may seek reimbursement from GSU, (providing the transaction is approved by GSU, in advance). (Note: a non-employee is not permitted to rent an automobile in the name of GSU). For reimbursement, the transaction must be approved by GSU, in advance, via the Non-Employee Travel Authorization (Hard-Copy) Form: http://tools.finance.gsu.edu/browse-by-function/?gf_search=travrel
